

I am very alarmed by the poor quality of our news media, which I attribute in large part to the consolidation of the US news outlets into the hands of an extremely few owners. This misguided policy shift has resulted in continuously worsening news coverage, the results of which I have been able to observe first hand during the short course of my lifetime. There has been such a rapidly deteriorating quality in news reporting during recent years in particular, that today our very base as a democratic society is in serious jeopardy.

I demand that the FCC uphold its mandate to represent the needs of the PUBLIC FIRST AND FOREMOST. This sell-out must stop NOW! The FCC must reject firmly and permanently all erosions of multiple and diverse ownership of all US public communication systems. BAN CROSS-OWNERSHIP OF MEDIA IN THE UNITED STATES OF AMERICA!
